PROFESSIONAL BOUNDARIES COURSE:

Thursday, **September 22nd**

5pm - 7:30pm

Dinner (\$25 reimbursement) & Workshop

Have you had so much asked of you **outside the established pre-COVID norms** that you no longer know where you can **draw a line** and say "I'm not comfortable with that?"

This workshop will be focused on defining, articulating and putting into practice appropriate limits for **professional relationships with students, parents, colleagues and administration** in order to keep you **emotionally and psychologically safe at work**. Just because you are asked to do it, or see others doing it, doesn't necessarily mean it is in your best interests.
